Starting with June 24th, 2024, the only accepted channel for transmitting electronic invoices between entities established in Romania or foreign entities registered for VAT purposes in Romania is RO e-factura portal. **Therefore, no other channels for transmitting invoices are admitted.**

4.2. Invoices issued by foreign suppliers without VAT registration number in Romania

For the suppliers not established in Romania, Ericsson's preferred channel for receiving supplier invoices is via the SAP Ariba platform. Taulia enrollment will no longer be possible.
