FIND SOLUTIONS AT THE UTC TELECOM & TECHNOLOGY 2018 EXPO

UTC TELECOM & TECHNOLOGY 2018 is your opportunity to join thousands of information and communication technology (ICT) professionals on 9-10, 2018 in Palm Springs, CA. Each day is filled with opportunities to learn from global experts who aren't solely talking about modernizing utilities – they're putting it to work. Connect with the more than 180 exhibitors in the Exhibit Hall where you will find the industry's leading solution providers dedicated to delivering the future products and services you need.

UTC SMART SYSTEMS FOR SMARTER COMMUNITIES

Visit the UTC Center Stage in the Exhibit Hall to charge up your mobile devices. This is a great place to meet up with your colleagues and walk the exhibit floor. Telecom & Technology 2018 will showcase smart systems on the Exhibition Show floor with our Smart Systems for Smarter Communities. Through this new focus our goal is to move attendees throughout the show floor as they interact with four demonstrator areas and the vendors participating. The Smart areas will focus on Substation, Smart Home, Utility Operations, and Renewable Energy technologies.
